WHAT IS AI DAY BHOPAL?

A Stage for **Builders** & **Innovators**

AI Day Bhopal is Central India's flagship AI conference — bringing together students, developers, researchers, and industry leaders for a full day of learning, building, and connecting.

Bridge the Gap

Close the distance between theoretical learning and real-world AI application across Central India.

Industry-Level Exposure

Hands-on experience with cutting-edge AI tools, GenAI frameworks, and production workflows.

Community & Networking

A thriving platform for collaboration, mentorship, and innovation across the AI ecosystem.

BRANDS THAT BELIEVED IN US

Past Sponsors

We've been fortunate to work with incredible sponsors who share our vision of empowering the next generation of AI builders.

The logo for Google for Developers, featuring the word "Google" in its multi-colored font followed by "for Developers" in a grey sans-serif font.

WHAT HAPPENS ON THE DAY

Not Just an Event – A **Builder** Experience

01

Expert Talks & Panel Discussions

Learn from AI practitioners and industry leaders working at the frontier of machine learning and generative AI.

02

AI Project Showcase

Students and community members demo innovative real-world AI projects — your brand front-and-centre as the enabler.

03

Hands-on AI Workshops

Practical, resume-worthy sessions on GenAI, LLMs, and cloud AI — guided by experienced mentors and practitioners.

04

Networking & Community

Structured networking with 500+ developers, students, and professionals — Central India's richest AI talent pool.

YOUR ROI AS A SPONSOR

Why Partner with AI Day Bhopal?

Bhopal's Biggest AI Fest

Associate your brand with Central India's fastest-growing AI community event. Be synonymous with innovation at scale.

Massive Brand Visibility

Reach 500+ live attendees and 5,000+ online audience via social media, live streams, and digital campaigns.

Hyper-targeted Audience

Direct access to AI/ML developers, CS students, and tech professionals — the most relevant audience for your product.

Talent Discovery & Hiring

Identify and recruit India's next generation of AI talent from one of Central India's richest talent pools.

Community Goodwill

Build authentic brand affinity by supporting grassroots AI education and empowering the next generation.

Google-Backed Credibility

Partner with a community recognized and supported by Google for Developers — amplified credibility for all partners.
